**Subject:** [EXTERNAL] Request for Medical Attention/Update: Vittorio Amuso (38740-079)

Good morning:

Hope all is well. We kindly write with great concern for our client, Vittorio Amuso (38740-079). Based upon information and belief, Mr. Amuso has not contacted his family in recent weeks and has been confined to his cell for an extended period of time due to an institutional lockdown. Given his advanced age (88) and medical conditions, it is important that Mr. Amuso be provided access to his family and time outside of his cell. We kindly ask that an update be provided regarding his mental/physical wellbeing and some information regarding the anticipated length of the current lockdown. Also, if accommodations can be made, that he be soon provided a brief phone call to his family. Your time and attention are greatly appreciated. Thank you.

Thank you but unfortunately that form is not current or from FCC Butner. He will have to do another one, and he needs to use the proper release of information forms depending on what he is authorizing staff to release. General information is one form, medical information is another form. he can obtain those forms from his unit team and/or medical depending which one he is needing.

Thank you for the timely response. Please find attached a consent form previously executed by Mr. Amuso, permitting the release of information to our office. Our only concern is his current well-being (and we understand that other information cannot be provided for institutional safety and security reasons). Thank you.

I understand and appreciate your time. Can you please forward my concerns to his unit team/counselor to ensure that he is provided adequate attention during the lockdown given his advanced age and condition. Also, if an accommodation can be made that he briefly calls his family this week. Thank you.
